## CADETS' CHALLENGE RAPPEL

### Bravo Beasts Consume the Confidence Course

The Confidence Course brings out the best in cadets. Magically, they forget their hardships and take advantage of the opportunities presented, helping out their peers if necessary.

As the 95 degree weather hit Alpena the Bravo Beast Company stood strong and conquered the Confidence Course. Bravo completed the course earlier than expected and then were fired up to do it over and over again. C/2LT Vanderbilt from Western H.S. said that the confidence course was just another challenge that Bravo could accomplish with ease. The motivated Bravo Beasts were on top of their game, completing obstacle courses that tested their unity and overall strength as a Company. They went over and under, climbing, jumping and crawling their way to the finish line.

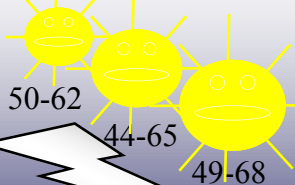

After visiting the course, the cadets will be armed with the confidence that they to face the perils of life.

*(Story submitted by C/COL Davis, G5)*

### ALPENA WEATHER

6-8    6-9    6-10

Th.   Fri.   Sat.

Fair skies with a chance of light rain

# DAILY STREAMER REPORT

## MEET YOUR CHIEF OF STAFF

Cadet Colonel Ryan Norman

"I would like to begin by commending each and every cadet for making it this far. Summer camp is not easy, it forces you to try things that you would normally never consider. Continue to be tough and of course, have fun.

My name is Natalie Renee Davis and I am representing Cass

Technical High School. I participate in Academic Games, the National Honor Society, Senior Executive Board in addition to my JROTC activities. I also play second base in the Lady Technicians Softball club, the best softball team in the city.

I am responsible for the newsletter at camp among other things. You

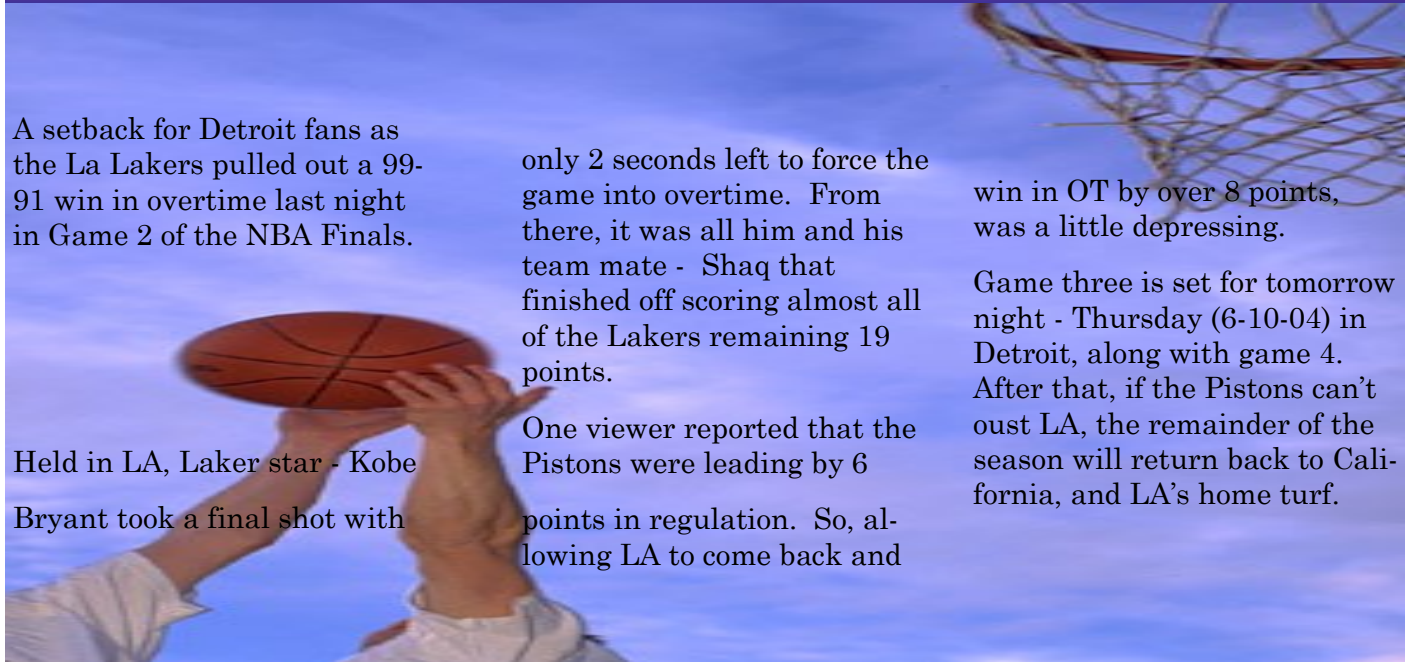

might see me around snapping pictures or in-

Cadet Colonel Ryan Norman

# SPORTS' SUMMARY

## *Lakers Steal Game 2 of NBA FINALS*

A setback for Detroit fans as the La Lakers pulled out a 99-91 win in overtime last night in Game 2 of the NBA Finals.

Held in LA, Laker star - Kobe Bryant took a final shot with

only 2 seconds left to force the game into overtime. From there, it was all him and his team mate - Shaq that finished off scoring almost all of the Lakers remaining 19 points.

One viewer reported that the Pistons were leading by 6 points in regulation. So, allowing LA to come back and

win in OT by over 8 points, was a little depressing.

Game three is set for tomorrow night - Thursday (6-10-04) in Detroit, along with game 4. After that, if the Pistons can't oust LA, the remainder of the season will return back to California, and LA's home turf.

## DAILY MENU (for Thursday, 10 June 2004)

**LUNCH**

- Taco Salad
- Coney Dogs
- Vegetable
- Soup and Salad Bar
- Dessert

**DINNER**

- Spaghetti with Meatballs
- Vegetable
- Bread/toast
- Soup and Salad Bar
- Dessert

Daily breakfast not reported

### **JROTC Summer Camp at Alpena:** *Fun for cadets of all branches of service*

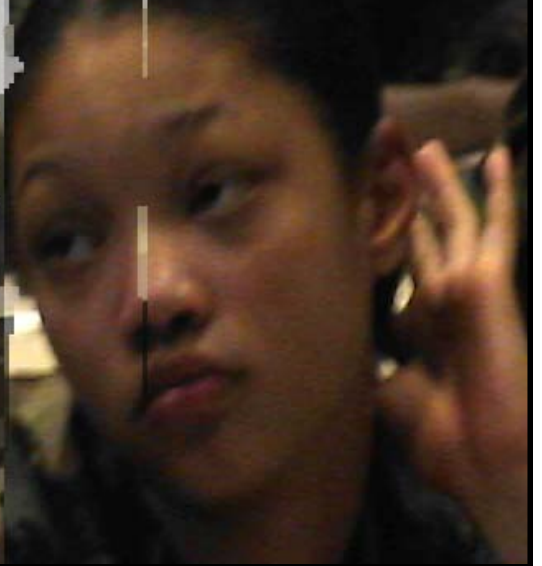

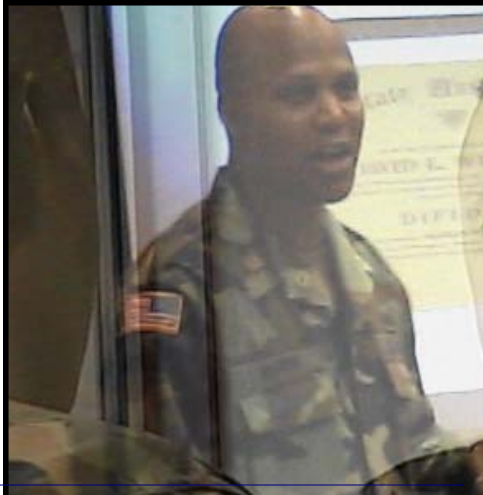

3<sup>rd</sup> Petty Officer Chris Sutton is an example of how well the AJROTC summer camp at Alpena can bring a diverse group of students together, regardless of their background or branch of service. Sutton explains that he has had a

great time at camp so far even though it is more challenging and stressful than the Navy JROTC camps. Not surprisingly, Chris also states that he would enjoy less yelling. To Sutton, taking care of his barracks is a difficult task because the company standards are high. He also admits that the food at Alpena is much better.

*"...JROTC is a real challenge"*  
3<sup>rd</sup> Petty Officer Chris Sutton

The JROTC summer camp houses cadets from every military branch of service. The expressions of content that are found on the students faces are proof that one does not have to be army affiliated in order to have organized fun.

## MEDICS ALWAYS ON HAND

### CADET CORPS COMMANDER'S CORNER

*We are in "full motion" with this year's summer camp, and the companies are doing an excellent job of completing their challenges. Streamers represent this success; so, try your best to get them, and importantly, "dedicate" yourselves to achieving "all of them".*
